### [RokMininews Module](#)

RokMiniNews is a powerful module to display your articles, perfect for news and media sites. It is highly configurable and is javascript enabled to allow for user interaction. A truly versatile extension.

We will take a quick look at the parameters you will find when you install this module. There are 4 columns, parameters, options, demo and description. The parameter column lists each available setting for the module; options lists the available options to choose from; demo lists the options chosen on the demo and description outlines what the module does.

#### **Parameter**
